ADD TO COLLECTION When 3ds Max first starts, MAXScript searches for any startup script files, which it then automatically loads and runs. This feature is useful if you have function libraries you always use and want preloaded, or if you want to establish custom UI settings, define scripted plug-ins, or load scripted utility rollouts.

Re: 3d Max Maxscript Essentials Book question The code is working correctly. When you use a do=>while loop the items within the loop are always evaluated once before the test condition is checked, therefore when t.pos.x is less than 101 it will continue to loop until t.pos.x is greater than 100, a while loop will give you the behaviour you are ...
