Across Latin America, the Black Lives Matter movement “is forcing [conversations about racism] and is increasing visibility for the ones that have already existed,” says Olaya.

How Latin American Activists Are Harnessing the Black ...

Abstract. The intensification of ethno-racial protest in Latin America has led to the adoption of targeted legislation for Black and indigenous populations, signaling a new moment in race politics in this region. Existing literature has failed to account for this shift either because it held that race was not salient in Latin America, or it presumed that racial hierarchy existed, but that the obstacles to Black mobilization were insurmountable.
