The Bone Is Pointed is the sixth novel in Arthur W. Upfield's detective series featuring Inspector Napoleon Bonaparte. It is the second of the these novels which I have read. In this outing Bony is called to the bush country where a man went missing five months ago. Few people really care what happened to Jack Anderson.

The expectation that death would result from having a bone pointed at a victim is not without foundation. Other similar rituals that cause death have been recorded around the world. Victims become listless and apathetic, usually refusing food or water with death often occurring within days of being "cursed".
