Developing insight into your own life can make your life more meaningful. It can also help you better understand yourself as a person and others. By studying yourself as well as the world around you, you can discover new truths about your life and identity. Such an endeavor may take a great deal of time and energy, but it will be worth it.

How to Develop Insight Into Your Own Life (with Pictures)

So my overall sense of how somebody develops a purpose in life is to bring a conscious process to bottom-up meaning—by using A, B, C evaluation or other reflection techniques. As for the top-down stuff that you inherit (because you can't help but inherit some things), you can look at them and say, "Here is some of the purpose I've inherited from how my country works.

My life changed dramatically after that, and one of the changes was to replace one passion, playing polo, with a new passion, blacksmithing. For ten years, while working and raising my children, time for forging was limited; then, fifteen years ago, I sold my veterinary practice and started working in my smithy full time, developing my right brain.
