HTC - Bolt 4G LTE with 32GB Memory Cell Phone Silver (Sprint). Condition is "For parts or not working". The screen does work on the phone. It has normal wear and tear. The reason I am selling it for parts or not working is because I am not sure if the phone is 100% functional. It has been tested and everything does seem to be working on it but I am not 100% sure. </p></div>
