Unfortunately, that manual is way out of date. If you look at the back cover it is from 2005, when Verizon was using the Interactive Programming Guide that was written by Microsoft, instead of the IMG they use today that was written by Verizon. Plus, it is more about the hardware, connecting it, etc, than it is about actually using it.

Verizon do not care about their customers. Verizon does this horrible update and refuse to undue the update. Verizon also charge the customers to watch TV shows and movies on demand that is already included in your package. I dislike Verizon fios, unfortunately I reside in a neighborhood that only offer 2 companies.
