The women just don't ask. It turns out that whether they want higher salaries or more help at home, women often find it hard to ask. Sometimes they don't know that change is possible--they don't know. When Linda Babcock asked why so many male graduate students were teaching their own courses and most female students were assigned as assistants, her dean said: More men ask.

Women Don't Ask: Negotiation and the Gender Divide by ...

Men ask for what they want twice as often as women do and initiate negotiation four times more, report economist Linda Babcock and writer Sara Laschever in the footnoted but engaging *Women Don't Ask*. With vivid research examples drawn from cradle, classroom and playground, the authors detail culture as the culprit in discouraging women from negotiating on their own behalf.
